Chapter 2

The Reason I fell for you

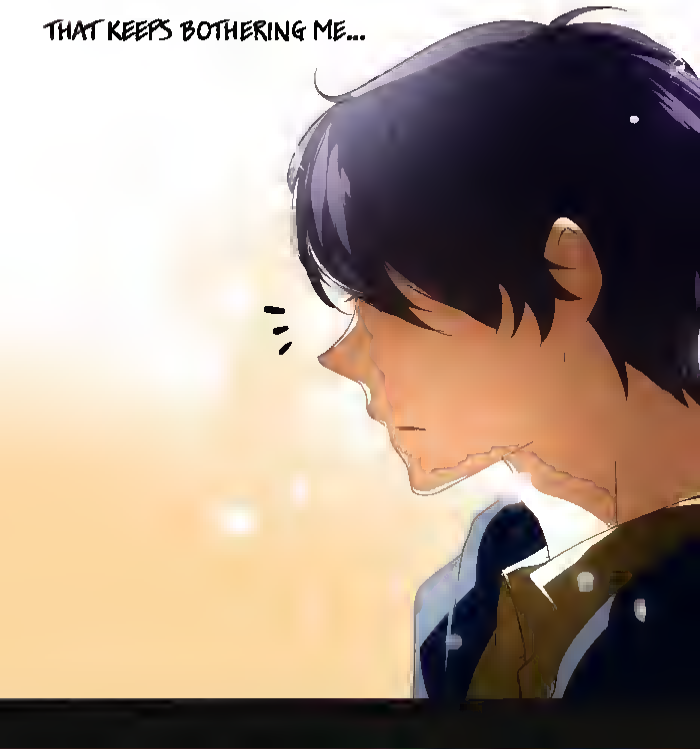
I'm Adimas. A 27 year old virgin,
who always focus on studies and career...

I still remember that evening while I was watting
for my friend to finish from his work..

That was the moment when
I realized that.. I fell in love..

With her..

But before we start
talking about that,
there is one thing
that keeps bothering me...



I couldn't really do anything because there are people behind me!!

Let's do this again tomorrow

Alright, I will leave right now

Ugh...

Creak Creak

Why does a cockroach have to be here of all places?

Yuck! I admit, I'm really afraid of cockroaches!!

Fly fly fly

But really roaches, you're seriously wrong if you thought that I'm perfect!

I have to run away before this cockroach decides to do something more...

Adimas, Let's go! You said you will treat me after evening prayer right~?
...Adimas?

Bro, what's wrong with you Aoshuo? Your face is all red. Do you have a fever or something?

No. Nothing is wrong.

Ba-dump Ba-dump Ba-dump

I thought that, from then, I've always been worried after...

Stressed and anxious about her... Even reluctant to see...

Aoshuo, I, Aoshuo have fallen in love with you...

On Monday...

...Meka, did he ask you to give me something again?

Hai? I just arrived here though, maybe he visited here earlier... What did he give you?

He gave me another lunchbox. And he told that I should eat it.

If this keeps up..

Meka!
What does your friend want to achieve by giving me this everyday!?
I'm happy, but..
If this keeps up I can never go back on my diet again!!
Ehh!!
Why are you yelling at me!?
If you don't want it then don't eat it. Better yet, just give it to me instead..
I haven't had breakfast this morning, you know..
